Your Child's Schedule

Once you have logged on, the majority of the screen will be occupied by your child's schedule. From here there are links to the message boards and assignments. These links are per class and may not be available for all classes. In the above example, only the World Lang. 7 class (6th period) has assignments.

Message Boards

You can access the message boards by clicking the “View” link under the “Class Message Boards” title (if available) from the schedule for the class you wish to view.
